INFORMATION

about the shoot downs of foreign aircraft

NoNo pp	Date	Area	Pilots, sub-unit	Type of foreign aircraft	Circumstances
1.	2 May 52 15:38	3 km south of Khajyandao Island, Port-Artur	1LT Pal'vinskij, 1LT Samarskij, 153 IAD	"Martin" 2-engine plane with American identification markings	4 attacks were conducted. As a result, the aircraft caught fire on the right side; departed in a sharp descent to the right, on a course of 95 degrees. Cloaked in smoke it dropped to 400 meters.
2.	13 Jun 52 13:20	100 km west of Vindava, Baltic air-defense region	Capt G.I. Osinskij Deputy Squadron Commander 483 IAP 336 IAD	C-46D "Commando" 2-engine aircraft. Pilot did not see the identification markings. It cannot be ruled out that a mistake was made in determining the type of aircraft, because the Swedes have the "SAAB-90A" in their arsenal which is similar in appearance	Just after the attack, the aircraft caught on fire and began to descend. One person ejected from the burning aircraft
3.	16 Jul 52	YUan'dao Island area Port -Artur, Dal'nij airport	1LT Rodionov, 153 IAD	B-26, US Air Force	Our pilot returned fire on the aircraft. A direct hit was observed on tape by 23mm fire. Due to poor visibility and low cloud cover, the pilot lost sight of the aircraft
4.	31 Jul 52	60 km north-east of YUan'dao Island, Port-Artur	Major Voronov, 1LT ZHerdev 153 IAD	"Martin" 2-engine plane, identification markings - red inside a white circle	A direct hit was observed after the 4th attack. Pieces flew from the plane, which descended to 10 meters and fell from view.
